

FOR SALE: Outback Expedition Package

A turnkey expedition package owned by renowned Australian writer and world traveler Neil Cocks.

You can read some of their travels here:
<http://www.guidebooks.com.au/Russia%20Mongolia%20Overland/about%20us%20russia.htm>

The system was built in 2005 and traveled through the Australian Outback, the Simpson Desert, Mongolia, Russia and all the way from Chile up to Grass Valley, California.

We are outfitting his truck with an XPCamper for his continued travels.

The Truck is NOT for sale!!!

What you get:

- Outback storage system
- Truck bed and aluminum canopy fit for Ford
- 22 Gallon stainless steel water tank, pump and faucet
- Lockable tool box
- Extensive drawer system
- ARB fridge
- Propane stove and heater
- Fire extinguisher
- LED lights
- Auxiliary battery system (yellow optima)
- Movable solar panels
- Rhodes automotive canopy and rooftop camper
- Tradesman roofrack with cover
- Kaymar rear bumper, water and tire carrier

\$7250.00

We will NOT split up any items. This is an incredible value for the right person for a proven system. We will help with the installation and of course give you a lesson of how the system is used with a trip to some nearby wilderness trails.

Located at:
 XPCamper
